Life's Better Here

Assisted Living • Memory Care

We do things differently at The Vineyards

At The Vineyards Residence, we think you'll be surprised and delighted with our approach to senior living. We believe every person is defined by so much more than just their care and support needs. We believe that living in a beautiful residence that provides customized and unobtrusive support can allow people to go about life as they always have, despite experiencing changes to their mobility or their cognition. At The Vineyards, you can create the life you want to live without the hassles associated with home maintenance. You can host family and friends, you can build new relationships, and you can rediscover and embrace new passions and experiences.

Life's Better Here.

Specializing in supportive service

A little extra support can make a huge difference in allowing you to live life on your own terms. The Vineyards Residence **Assisted Living** service package is individually customized to what you need. Whether it is assistance with showering and dressing in the morning, with medication administration, with escorting, or with any other activity of daily living. There are no cookie cutters here. We work with you to design your service package to suit your lifestyle.

The Vineyards Residence **Memory Care** program is designed exclusively to accommodate the unique needs of those with Alzheimer's and other forms of dementia. Each individual brings to us a unique set of experiences, a unique set of abilities, and a unique set of preferences and needs. We seek a deep understanding of every resident's background so we can focus on what they can do, rather than what they cannot. We take a highly personalized approach to our residents' care and support, and our team members are carefully chosen and specially trained, in order to provide an unmatched living experience.

Forget cooking and embrace leisure

We know you've probably prepared thousands of meals in your lifetime. Isn't it time you let someone else do the cooking? At The Vineyards, you will be treated to a delicious array of menu options which are all prepared by an Executive Chef and use the freshest, local ingredients. Have something you'd like to see on the menu? No problem! We welcome suggestions and resident recipes.

With fewer chores to do, you may choose to take advantage of our robust leisure and fitness program. Participate as little or as much as you'd like. There's something for everyone, from daily fitness to special events, from arts programs to excursions, and from intellectual happenings to visiting performers and community groups. Would you like to lead a program yourself or join a volunteer committee? The options are wide open.

A residence you'll be proud to call home

Think of your own home, an attractive condo, or a comfortable favourite hotel that just seems to say "welcome". That's the atmosphere we're aiming for at The Vineyards Residence. You won't find a nursing station at The Vineyards. Instead, there's a friendly reception desk and a plethora of amenities that includes lounges, a hair salon, a chapel/theatre, a fitness centre, therapy rooms and several activity rooms. The showpiece is our 5-storey atrium that lets the sun shine in and provides spectacular scenery. There are intimate on-floor dining rooms, the Bluff Pub, and the fifth-floor Vista Dining Room and Lounge with expansive views.

It's simply stunning!

Life is “Suite” at The Vineyards

The Vineyards sets a new standard in retirement accommodation by providing roomy suites outfitted with a kitchenette, lots of storage, and a washer/dryer. The windows are large, the main area flooring is wood grain vinyl, and the bathroom flooring is non-slip vinyl. Cabinets are walnut tone with laminate countertops. You can choose between eight studio and one-bedroom layouts, all equally well designed.

Location, location, location

It’s hard to imagine a lovelier place to retire than Kelowna. And The Vineyards is located in an ideal setting with community services, restaurants and healthcare all nearby. The Dilworth, Orchard Park, and Willow Park Shopping Centres are all a short distance away. The best thing about The Vineyards’ location, however, might just be the magnificent views, with the city on one side and idyllic green fields, hills and distant mountains on the other...

It's breathtaking.
